Re: Avery Landing, Idaho

Dear Mr. Adelson:

As of this date I have not received any information from you, as promised in your August 4, 1989 letter, regarding the petroleum contamination at the Avery Landing railroad site. Your prompt attention to this matter will be appreciated and I hope to receive a response by **November 13, 1989**.

Failure to respond and to negotiate an agreement for the cleanup of the petroleum contamination may result in the referral of this problem to the Attorney General's Office for possible enforcement action.

Sincerely,

Al E. Murrey
Chief, Water Quality Bureau
